

**FROM THE HEART** is a movement that promotes and campaigns for a constitutionally-enshrined Voice to Parliament as outlined by the Uluru Statement from the Heart.

## WHY DOES A VOICE TO PARLIAMENT MATTER?

We support a Voice to Parliament because it is:

1. A fair and practical way to deliver meaningful constitutional recognition and reform
2. Will allow Aboriginal and Torres Strait Islander people to have a say on the policies and laws that impact them
3. Will lead to better informed Indigenous affairs policy and law-making
4. Will lead to better outcomes for Aboriginal and Torres Strait Islander people and more efficient use of government funds
